O R D E R

On December 18, 1992, AT&T Communications of the South Central States, Inc. ("AT&T") made a tariff filing to adjust rates and charges for various service offerings, including but not limited to various message and wide area telecommunications service alternatives. The tariff filing results in a net revenue reduction.

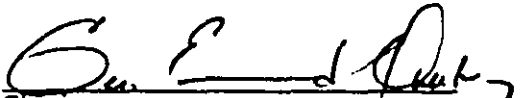

No person has objected to the tariff filing and, upon preliminary examination, it appears to be in the public interest. However, additional time is necessary to verify price-out documentation. Therefore, the Commission will allow the tariff filing to become effective as scheduled on January 18, 1993, subject to further Orders of the Commission.

IT IS THEREFORE ORDERED that AT&T's tariff filing to reduce rates and charges as delineated in this application be and it hereby is approved effective January 18, 1993, subject to further Orders of the Commission.

Done at Frankfort, Kentucky, this

15th day of January, 1993.
